Q. May I ask you in regard to your political activities? A. Tou may.

Q. Will you kindly state them in your own way? A. I think, Mr. Guthrie, in the year 185 or 188 I took some interest in a campaign in the Bronz, in which I then lived with my parents, and which resulted in the election of Louis J. Heints as Commissioner of Street Improvement, I think it was called. I took no further interest in politics except such interest as any citizen would take in voting at election until the fall of 180, when I took some interest in what was called a primary fight in which a friend of mine was interested. In that, as a result of that election, I became a member of the General Committee of that district. ittee of that district.

Q. What district was that? A. The Thirty-second Asembly District. And 2 think also in December of 1901, when the committee was organized for the year 1902. I was made chairman of the General Committee.

Q. That was of the Democratic party? A. Undoubtedly. In the year, I think, 1908, when the committee was appointed by the General County Committee of the Democratic party of the County of New York, I was made a

member of the Law Committee of the County of New York, I was made a member of the Law Committee of the County.

Q. That is, of Tammany Hall? A. Of Tammany Hall, or of the County—the General County Committee of the County of New York. In the year 1808, I think it was, I became a Sachem of the Tammany Society, if you call that

Q. Would you not call it such? A. Not entirely so. No! The Tammany Sorty is entirely distinguished from the what is known as Tammany Hall. It was organized. I think, in the year 1780 and had on its roster of membership, as remember it, seven or eight Presidents of the United States, and is not the same men who are connected with the Democratic party. I think it was the year 1907
when I was made a member of the State Committee of the Democratic party of the State of New York; and in the year 1908 I was made the Grand Se the Tammany Society, if you call that again a political place. I think in the spring or 1997 I was made the chairman of the Law Committee of the Democratic Committee of the County of New York. I think in the year 1908, I attended the State convention of the Democratic party. In the year 1908 I was an alternate delegate to the National Democratic convention held in St. Louis. In the year 1905 I was a solegate to the Democratic national convention held in the city of Denver.

As I remember it, the summons and complaint were served upon about the middle of March, 1909, and about the let of May of that year I had interview with Mr. Cruikshank, of the firm of Atwater & Cruikshank, the at-

chast's office. There was a conference lasting some considerable time between the three of us at that place. In that talk I told Mr. Connolly, in Mr. behank's presence, that I was being blackmailed. That, as Connolly had cald to me when he had called on me on March 1 at my office before the action was begun or had been begun, that he realized that a bitter Mayorfight was coming on that year; that the preliminary lines were then a drawn; that I was the Grand Sachem of the Tammany Society; that I the Chairman of the Law Committee of the Democratic Committee; I occupied a prominent position politically in the public eye; that as he said to me on March 1 I was in position where I could not in justice to the Demogratic party have such a claim as he was making against me tried in the courts during teh pendency of such a campaign or while such a cam-paign was on, and that because of that, that as he had said on March 1 was taking advantage of the situation in which he had found me politically order to take from my pocket, to extert from me, to blackmail me ou money which was mine.

Later, at the suggestion of Connolly, I called again in the same way and made the same reference to the head of the Department of Water Supply, Gas and Electricity, and as a consequence of those calls, largely coming after those calls, orders were given to the Victor Heating some such work. The work was done by the company and spread over the years 1904 and 1905 or a large part of both of those years.

#### WHY MR. MURPHY WAS NOT CALLED.

"I deem it also fit and proper to refer to the demand made in various quarters that Mr. Charles F. Murphy should be called and examined as a witness. In that regard, Judge Kellogg, the counsel for your committee, in-formed me that if the Bar Association desired to have Mr. Murphy subpoensed, or if, in my opinion, Mr. Murphy knew anything whatever about any fact material to the issues, he, on behalf of the committee, would direct the issuance and service of the necessary subpoens. I declined to have Mr. Murphy called, because it would have been an indefensible performance, quite beneath the dignity of this tribunal and of the great association which I have the honor represent; and I personally take the full responsibility of declining to call Mr. Murphy or any other person connected with politics.

"I have one personal suggestion to make and that is, one of the committee asked if I was not counsel for the Pulitzer estate. As a matter of fact I am not counsel for the Pulitzer estate.
